## STILL ADVANCING!

It's the end of the first half of the term. All thanks to God Almighty for seeing us through. On behalf of the GMD, Board of Directors, and the entire Juilliard staff, I want to appreciate you, our ever-loyal customers. You make us remain in business continuously. Thank you.

The first half was loaded with many a mind-blowing activity targeted at churning out a TOTAL child that can stand at par with an average university graduate. Please, relax to feed your eyes with the pictorial display of the activities.

# UNUSUAL RESUMPTION PROGRAM

We welcomed our jewels to Term 2 with an unusual package. I'm sure they can never forget it in a hurry. **Explore!**

# CAREER WEEK

## TOPIC

...to build tomorrow's responsible Adults and Leaders

The essence of raising today's children is to build tomorrow's responsible adult and leaders. This term, we organised an eye-opening career talk in the field of Engineering. Both local and international facilitators made the week historical. Don't be surprised if your child says he/she wants to become an engineer. Enjoy the scenery!

**ANTI-BULLYING WEEK**

We say no to bullying in Juilliard! We preach it. We act it. "If you see something, you must say something". That's our mantra. We're on course to sanitise our community. Together, we shall create a sane society.

**CHECKPOINT EXAMINATION**

This is to officially inform the concerned parents that the Checkpoint Exam will be taken from Monday, 17th to Wednesday, 19th April. Preparations are in top gear.

# CUSTOMER SERVICE WEEK

## CREATING A CULTURE OF CARING AND SERVICE

To whom much is given, much is expected. This is why we don't take you for granted. We celebrate you every day. This year, Mr and Mrs Ihejirika won our couple dinner treat to a 5-start hotel. Other parents won our games with prizes. Thank you for always believing in us.

## MIDTERM ASSESSEMENT

Our midterm assessment was the closing ceremony for the first half. The Portal will be opened shortly for your viewing.

# KINGS AND QUEENS OF MATHEMATICS

This is a program that's been unearthing Math gurus. Every two weeks, students engage in keenly contested Math drills to clinch the Kings and Queens of Math for their grade levels. They're adorned with the badges for two weeks. Your child can sure retain the badge if he/she fights for it! Congrats to the winners. Expect more doses in the second half.

## SPELLING BEE & WRITING

Not only do we build our children in calculations, but also in language. The junior students were engaged in Spelling Bee while the senior students focused on writing. It's been a competitive world. The next stage continues in the second half.

## PARENT-TEACHER CONFERENCE

SATURDAY  
**18TH**  
MARCH, 2023

**9 AM**

Our PTC has been rescheduled to Saturday, 18th March, 2023, as against the prior date Saturday, 11th March which is incidentally the day for the gubernatorial elections.

## STUDENTS' APPEARANCE

Kindly note that students' appearance is germane to our programme. Our students' grooming is very important and we expect them to adhere to the approved uniforms.

## JUILLIARD HOUSING

We have hostel facilities located within the estate for male and female students. It's home away from home, and we do all we can to make our students comfortable and they have the advantage of less distraction and better academic performance. We strongly advise that all the twelfth graders be brought to the hostel so as to focus on their studies without distraction.

## HOSTEL *Academics*

This is an edge our 12th graders have over other students. Every day, our teachers go to the hostel to teach, reteach, and revise various skills with them. The one-to-one advantage is top-notch. You don't want your ward to miss it!
