OUR MISSION

To graduate inquiring, knowledgeable, principled, skillful, caring, balanced and outstanding students that can think critically and solve problems with a goal to becoming God-fearing global leaders, entrepreneurs, and successful adults.

We specially appreciate our esteemed parents who attended our OPEN HOUSE. Thank you for showing so much interest in your child's learning. The importance of home-school collaboration in the life of every child cannot be overemphasized. We're humbled by the accolades and we are motivated to do even more. We have also taken note of your concerns, we will address them as promptly as possible.

This term, we are flying on the wings of **CHARACTER DEVELOPMENT**. This is in recognition of the fact that everything about excellence and good leadership revolves round Character vis-a-vis Discipline, Hardwork, Responsibility, Tolerance, Respect for oneself and others, Obedience, integrity. Therefore, we are intentional about moulding our students to be exceptional in Character which will culminate to academic excellence and exceptional leadership. It won't be an easy ride but with your cooperation, it will be smooth sail.

"Intelligence plus character – that is the goal of true education" – Martin Luther King Jr.

The fact remains that intelligence without good attitude is useless and has limiting tendencies. We are committed to raising the total child in Juilliard Academy.

Therefore, as we work to ensure our students excel in their academics, we are equally concerned about grooming them to become responsible, respectful, civil and God-fearing adults in life. This is our inspiration, as we strive to become positive change agents and make our gems the best versions of themselves.

Accompanying sub-themes of focus have been carefully chosen and will be extensively discussed with our students on a weekly basis.

"To compose our character is our duty, not to compose books, and to win, not battles and provinces, but order and tranquility in our conduct."
Michel de Montaigne.

RESUMPTION

The resumption program was lit! Our students were received in grand style and given a befitting welcome. All students participated in the orientation program, which served to inform students of expectations for the term, the school's culture and others, in order to prepare their minds for the tasks ahead and pave way for success at its peak.
